Description

FOR SALE – DETACHED ECOLOGICAL VILLA – MALAGA area: Ojen | This detached villa has been built to a high specification located in Ojen, one of the most sought after areas in Malaga. Properties in Ojen are hard to come by and especially one of this quality. The property has an energy rating A, which requires very high specifications to obtain this level of energy rating. The property has been designed ecologically with a unique fireplace at the heart of the home. This special fireplace has been designed to, first heat the water and then proceed to heat the whole house through a series of pipes that run through the entire property, making this an efficient and cost effective heating system, suitable for all year round us. There is also double glazing both fixed and sliding units used throughout property. All the bathrooms are fitted with the highest quality fixtures. The house has been designed and built so that the bedrooms are all separate from each other giving privacy, making it ideal for a large family or holiday rentals. Outside is a private swimming pool and terrace area, to the rear of the property are six 'caves', built into the rock and used f...
