### Description

ONE OF A KIND ! A UNIQUE TRADITIONAL VILLAGE HOUSE, RENOVATED TO A VERY HIGH STANDARD BY AN INTERNATIONAL ARCHITECT. Bought as an intended retirement home by a Canadian Architect , so absolutely no expense was spared in the total renovation of this home.

Everything was replaced , floors, electrics, plumbing , fixtures and fittings – But all done with such taste and style . This is a stand out property which more than warrants the price ! The property sits at the top of the town ( hence the magnificent views ) in a quiet street just a few minutes from the town square in Jimena de La Frontera. Within walking distance to local bars and restaurants.

Historic Jimena is famed for its Moorish castle , the meandering Hozgarganta river that runs along the lower end of the village , its amazing wild mushrooms and its' jewel in the crown , the fabulous Alcornocales National Park . Well served by a local train station – with regular connections to the coast ( Algeciras & san Roque ) , Ronda, Malaga and beyond ) good road and motorway connections . Jimena enjoys that rare thing – a rural location with easy links to major airports and the Coast. ...
